MSME BUSINESS FORUM

During your internship tenure, it is important to keep in mind the following points

- Enhance your professional presence by updating your LinkedIn profile. Share your achievements, such as the offer letter or internship completion certificate, which you received from us. Don't forget to mention and tag Cognifyz Technologies in your posts. You can use hashtags like #cognifyz #cognifyzTech #cognifyzTechnologies to showcase your affiliation.

- Maintain academic integrity and respect intellectual property. Plagiarism and copying code are serious offenses that can lead to the termination of your internship and subsequent restriction from future opportunities with us.

- Demonstrate your work by sharing a video showcasing the completion of your tasks on LinkedIn. Remember to tag Cognifyz Technologies in your post and use relevant hashtags like #cognifyz #cognifyzTech #cognifyzTechnologies to engage with our community.

WEB DEVELOPMENT </>

TASK LIST

Welcome to our exciting web Development internship program! To complete this internship, you will have the chance to choose any 2 of 3 levels: Level 1, Level 2, or Level 3. We've designed these levels to cater to your convenience and ensure an engaging and rewarding experience.

Level 1

Task 1

HTML/CSS:

Create a simple webpage with a heading, paragraph, and image using HTML and CSS.

Build a basic form with a single input field and a submit button using HTML and CSS.

Design and code a simple navigation menu with three links using HTML and CSS.

Level 1

Task 2

JavaScript:

Develop a basic button that changes its color when clicked using JavaScript.

Create an alert box that displays a greeting message based on the current time using JavaScript.

Build a basic calculator that adds two numbers together and displays the result using JavaScript.

Level 2

Task 1

Front-end Frameworks:

Use a front-end framework like Bulma or UIKit to create a responsive card component with an image and text.

Implement a basic responsive grid layout using a front-end framework like Bootstrap or Foundation.

Level 2

Task 2

Responsive Design:

Convert a basic webpage into a responsive design that adapts to different screen sizes using CSS media queries.

Create a mobile-friendly navigation menu that collapses into a hamburger menu on smaller screens using HTML and CSS.

Level 3

Task 1

Image Manipulation:

Use CSS to create a basic image gallery with thumbnail images that enlarge when clicked.

Implement a simple image slideshow that automatically transitions between images using HTML and CSS.

Level 3

Task 2

Create a landing page for a web developer internship with the following key elements:

- Clear headline: "Web Developer Internship Opportunities at Cognifyz Technologies"
- Brief introduction: Overview of the internship program and duration.
- Highlights: Benefits of the internship, such as real-world experience and mentorship.
- Qualifications: Desired skills and technologies.
- Call-to-action (CTA) button: "Apply Now" or "Learn More."
- Contact information: Footer with relevant contact details for inquiries.
